

Interesting News For The 6000 Hunters of Clearfield County

Sixteen Camps Respond to Our Invitation to Print Roster of Their Members and Camp News

HUNTERS PAGE "DOPE" STARTS HERE

Deer Hunting Season Opens

The deer hunting season opens on Friday, December 1st, and on that date the open season for all other game but bear, and raccoon is closed, and now, Mr. Hunter, don't forget this fact—pheasant and rabbit cannot be killed legally during the deer season this year.

Never were the deer reported more plentiful in Clearfield county. From every section of the county comes the story of deer being seen almost daily and weather permitting we look for a record bag this season.

That the hunters appreciate the situation and will be out in force is demonstrated by the roster of the different camps published in this column today. Every camp has its full quota of guests and there will be more men in the woods this year than ever before.

On account of the fact every hunter should use more than ordinary care in his shooting. Take no chances and be sure you see "the horns" before you shoot and when you do shoot have some regard for where your fellow hunter is located.

5647 Hunter's License

According to the records in County Treasurer Kline's office at noon today there had been issued 5637 licenses thus far in 1916. Last year the grand total reached 5718 at the close of the season.

Dogs Running Deer

From all sections of the county come reports of dogs running deer, but you never hear of a game warden running the dogs or killing them. The law provides for the killing of such dogs whether caught in the act or not and the same law also prescribes a severe penalty for the owner, yet we never hear of any conviction for this offense.

Sunday a week ago two dogs ran a deer into the river near Wright's between here and Curwensville and yesterday two dogs were running on the mountains near the game reserve at the head of Lick Run. Persons in that vicinity heard the dogs all day long, but there were no game wardens or persons in authority to go after them and of course it is only reasonable to suppose the deer was finally run down and killed.

A little of that \$300,000 hunter's license fund money could be spent to decided advantage in hiring a man or two to devote their time exclusively to rounding up these dogs.

Landed a Wild Turkey

Frank Ball, of Hillsdale, slipped over to Centre county Sunday last and came home Monday evening with a fine fifteen pound wild turkey, which will furnish the foundation for a Thanksgiving dinner in the Ball home.

Popular Clearfield Couple Wed At Early Hour This Morning

Harry E. Mann Marries Miss Odessa Sliger, Formerly of Olean, New York

Harry E. Mann, of 317 Ogden avenue, and Miss Odessa R. Sliger of 113 N. Third street, both formerly of Olean, N. Y., were united in marriage this morning at half past seven o'clock in the Lutheran church. The ceremony was performed by the Rev. R. Allenbach, the pastor. The ceremony was witnessed by the immediate families and a few invited friends of the contracting parties.

The bride and groom were unattended, but were met at the altar by the officiating clergyman. The simple, plain and yet impressive ceremony of the church was used. The bride was attired in her traveling suit and made a most charming appearance.

WHERE THEY WILL GO

Below we publish a list of the different camps with their membership, as near as we could get them.

Grassflat Sports Will Be There

The Woodrow Gun Club, composed of the following Grassflat hunters, will move out to their camp at the Beaver Meadows, near Black Moshannon creek on Thanksgiving day. The boys say they are going to bring home a couple of big ones this year. The members of the club are:

Fred Bass, Jr., Oscar Soder, Gust Linder, Richard Ward, O. F. Adamcz, Harry Neuber, C. Chapman and Frank Hugar.

Union Outing and Hunting Club

The Union Outing and Hunting club, composed of DuBois citizens, recently completed an exceptionally fine stone camp in Union township, between Little Montgomery and Stony creek. The following gentlemen will participate in the hunt:

H. H. Spencer, James Pifer, Charles Pifer, E. W. Kelly, Fred Shaffer, Fred Timlin, Merrill Plyler, Fred Chitester, Oliver Korb, James Hall, Mr. Garvin, Mr. Brown, L. E. Weber, Jake Slaghenhaupt, Bert Skinner, A. L. Steffy, A. N. Work, Dr. Johnston, Leon Lytle.

The Johnstown Camp

The Johnstown camp will be located at the Munn Place on the headwaters of Mosquito creek. This camp is composed of the following well known Clearfield and Johnstown people. They are going for deer, but as Mr. Oxley was rated as the champion bear hunter of McKean county before coming to Clearfield, they expect to land a bear or two. The roster follows:

A. W. Leonardson, J. W. Oxley, L. C. Norris, of Clearfield; John Bates, Willard Roach, Frank Cook, of Johnstown.

AN INTERESTING PHOTO

Truman Norris is in receipt of a very interesting photo of Camp Stewart, Texas, where the N. G. P. is in camp. The photo covers the entire camp which is almost three miles long and in the background can be seen the mountains in Mexico, with their snow crested tops, fifteen miles distant. It is a picturesque scene and the photo which is nearly five feet in length will be framed and put on exhibition soon. The letter is from George Dale, one of the Clearfield boys who is on the border.

Class No. 10 of the Lutheran church will hold a Thanksgiving sale Wednesday afternoon November 29, from 2:00 to 6:00 at Rosser Furniture Co's store. Home made bread, cakes, cookies and candies.

ITALIANS RESENT REFERENCES TO SPAGHETTI

**Hand Us Letter For Publication
Objecting to Reference to
Sunny Italy**

EXPLANATIONS ARE MADE

When the Italians and the Negroes of the Fourth ward indulged in warlike performances last Saturday evening The Progress had the story written up in full according to its usual reputation for covering the news from every angle. Little did we dream that we were getting wrapped up in an international or racial quarrel with the Italians or the Negroes. We made the fatal mistake of allowing a certain low-down Irishman, well known around the Progress office and Borough Council and Hunting Camps to cover the story. He covered it but his cover developed into a mustard plaster. Whatever dreams this Democratic gentleman might have had about getting into the diplomatic service under President Wilson are all shattered now. His diplomacy, like Bryan's simply stirs things up.

We are in receipt of the following letter from the Italian residents of Clearfield.

Editor of Clearfield Progress:

Dear Sir: I notice in the Daily Progress of Monday your account of the mixup in East End between the Italians and Negroes, in which you refer to the Italians as representatives of the land of garlic and spaghetti.

The Italian residents of the town of Clearfield feel that you are rubbing it in by trying to associate them with the smell of garlic and spaghetti, as they are not hyphenated Americans but 100 per cent, and the garlic and the spaghetti they abandoned after they had one big Saturday night along the Great White Way of Clearfield, and they are now helping with the Chamber of Commerce to make Clearfield the promised land fulfilled and they have no crows to pick with their dusky neighbors, as while they are not too proud to fight, they believe watchful waiting in preference to warfare with their harder headed neighbors. In fairness to the Italian residents of Clearfield a great many who are taxpayers and property owners you should come forth with an apology.

Respectfully yours,

PROF. S. IMPALLOMENE
TONY MARTIN
THOMAS J. SPINGOLA
JOSEPH YANARO

Laying all jokes aside, we are inclined to believe that we were just a little rude in our comments concerning our Italian and Colored friends. We desire to sincerely assure them however that it was all written in a spirit of fun without realizing the consequences of such references. We can readily understand how embarrassing it is for the Italians to be saluted on the street by such names as "garlic and spaghetti." Mr. Spingola informs us that this occurred last evening. Now, we sincerely trust that our readers will be more thoughtful and respectful than we have been and that such references as we unwittingly made will be speedily forgotten. We may add that we are proud of the assertion that the Italians of Clearfield after one visit to the Great White Way of Clearfield became 100 per cent Americans.

Temperance Rally Here On December 5th

All Temperance Clubs in County are To Send Representative

Dr. H. W. Buckingham, President of the Clearfield County Temperance League, has issued a call for an all day temperance rally in the Clearfield Y. M. C. A. on Tuesday December 5th. To this gathering all religious and temperance organizations in the county are invited to send representatives. A special letter has been addressed to the pastors, Sunday School superintendents, W. C. T. U. presidents and other temperance bodies over the county, urging them to be present and to see that delegates from their community attend. It was this temperance organization that put up such a determined fight in the last license court and plans are being made to make a more determined fight this year. The meeting next Tuesday is open to the general public and will doubtless be well attended.

Calendar Instructs in Safeguarding Lives

Over 5000 Children a Year Throw Lives Away on Railroads

As part of a campaign to teach children the dangers of taking "short cuts" over railroads, playing on the tracks or using railroad rights of way, bridges and trestles as high ways, the Pennsylvania Railroad system has issued an illustrated calendar especially designed to appeal to young folks. The calendar is intended particularly for use in school rooms and will be supplied for that purpose throughout the cities, towns and country districts served by the Pennsylvania lines, both east and west of Pittsburgh.

A picture at the top of the calendar shows a typical crowd of children, just out of school, hurrying across the tracks near the school yard. They are taking the "dangerous short cut," despite the warning signs. They could walk to a nearby bridge which would mean safety, but that would require a few more steps. One boy is seen stumbling on the track in front of an approaching train. Another is indulging in the dangerous sport of "balancing on the rails." Beneath the picture is this legend:

"Every year more than 5000 American boys, girls and grown folks who take such risks as these throw their lives away. DON'T YOU BE ONE OF THEM."

JAMES MAHAFFEY BADLY BRUISED IN AUTO SPILL

**Attempts to Make It Back Home
Without Lights and Runs
Into Culvert and Upseis**

THE LIGHTS WERE DEFECTIVE

Ex-Sheriff James Mahaffey was painfully injured in an automobile accident which occurred on the Woodland road last evening about 7 o'clock. Mr. Mahaffey and his son Dick went down to Shawville in the Sheriff's car yesterday for the purpose of buying some Thanksgiving turkeys. On their way home their prestidigit got balky and refused to work and they were forced to thread their way over the back woods through the dark until Woodland was reached where they borrowed a lantern and hung in front of the radiator on their car and continued their journey toward home.

They got along safely until Barrett station was reached. The car was bowling along at about a 20-mile an hour gait when the right front wheel struck the culvert just this side of Barrett watering trough. The force of the blow caused an explosion of the tire and the car swerved and dashing up the bank turned over on its side. Mr. Mahaffey was thrown into the wind shield and out through the top of the car. He received a bad cut over the left temple and was otherwise bruised about the head, while the skin and flesh were scraped from both legs. He was loaded into a passing machine and brought to his home at the Windsor, where Dr. Rowles was called and administered to his hurts.

The car was pretty badly used up but was brought into the garage under its own power by Messrs Orcutt and Muegel.

Oh yes! by the way, it "never touched" Dick.

A CHRISTMAS SUGGESTION

There was an old woman who lived in a shoe.
She had so many children, she didn't know what to do,
As she couldn't buy each one a Christmas toy,
She stuck a Red Cross Seal on each girl and boy.

HAVE YOU DONE YOUR BIT?

This is Hospital Donation Day. It is unfortunate indeed that the day has been so gloomy and that the rain may possibly interfere with the transferring of donations to the different ladies who are in charge of the receiving quarters. Kindly permit us to suggest that there will be time to do it tonight or even tomorrow. In almost every household there are several unused articles of no use whatever to the owner which could quickly be turned over to the hospital authorities who would quickly make use of them or convert them into cash.

SACRILEGIOUS.

One of the oldest and most sacred institutions of this nation is the day of Thanksgiving. The first Thanksgiving day was a very sacred occasion and probably was the only real true, conscientious Thanksgiving Day ever observed in the country. Ever since that time Thanksgiving day has been developing into a day of sports and pleasure. We have no objection to this feature of Thanksgiving. We believe that there is nothing harmful these things. We do think however that there is enough of the true spirit of Thanksgiving in the hearts of our people today. Our thoughts and interests are given over entirely to hunting, football and the festivities of the occasion. We can enjoy these things just as well and still by our words, our actions and our mode of living show that we are truly thankful for our great blessings. America is called a Christian nation. Is she? It reminds us a little of the missionary in darkest Africa who wandered away from his abode and hearing voices in the jungle near him, had grave fears that he was about to be the principal ingredient of a choice cannibalistic stew. Standing in awe and fearing to make a move for fear his presence would be detected, he was overjoyed at hearing a coarse, gruff voice exclaim "Why the hell didn't you play that ace." Dropping on his knees, he fervently thanked his Maker that he was among Christian Americans. Pardon the language for it illustrates the point.

"A FULL HOUSE"

Never in the history of farce productions in New York City has any laughter play won such unstinted praise from the newspaper critics as the new H. H. Frazee farce, "A Full House," which has just closed a six months' run on Broadway and will be the attraction at the Opera House tonight.

For instance, the New York Tribune, so conservative in its criticism of the drama, broke all bounds in heaping praise on "A Full House." This is how it started off a two column review of the farce: "A Full House" is frankly dedicated to the High Imp of Laughter, and it amply fulfills its dedication. Laughter is its end and its beginning, its middle and its outside, and the further it proceeded the louder the audience laughed. After all, if we are going to laugh from the chest out, there is no such laughter as comes from it.

good farce. Irony, satire and criticism of life can go hang.

"This is the time for light music and farce. With war clouds gathering, we can think clearer for the cerebral purgative of laughter."

"The lines are bright and witty and the action once started moves with a Vanderbilt Cup speed. The actors know just the vein in which this piece should be played, each one outbidding the other in winning the laughter of the audience. The spring fever will drive audiences to 'A Full House' and 'A Full House' will satisfy and amuse them. If it doesn't, the war has brought a woeful change to Broadway."

In this vein, "A Full House" was commented upon by every newspaper in New York, and the theatre goers of the city may safely expect the laughing treat of many years in this Frazee farce hit. The cast comprises many names well and favorably known to Broadway.

Some good seats still unsold.

Mrs. Charlotte Senser Died Yesterday

Long a Member of M. E. Church—Formerly of Clearfield

It is with a feeling of sadness and very deep regret, shared by the community generally that we chronicle the death of Mrs. Charlotte Senser, the beloved wife of William T. Senser, formerly of this city, which occurred at 3:30 Monday morning, Nov. 27, 1916, at her home in Clearfield. Her death was the result of complications, following a nervous breakdown, which began about three years ago. During the interval she has been an invalid most of the time, and for nearly a year past has been practically helpless, and lately suffered very much, bearing her suffering, however, with remarkable Christian fortitude. She has had the very best attention, and for months past her husband has been almost constantly at her bedside.

The deceased, who was formerly Charlotte Henderson, was born in Huntingdon county on September 22, 1846, making her age 70 years, 2 months and 5 days. Her marriage to William Senser took place in Philadelphia on October 14, 1869, and having nine years spent in Windber and the past year in Clearfield, all her married life was spent in and near Philadelphia.

Mrs. Senser was a devoted member of the Methodist church. She along with her husband, was converted during a gracious revival held in old Trinity M. E. church, this city, in November 1869, and conducted by the late Rev. Reuben Wilson, when over 200 made a Christian profession. She led an exemplary Christian life, strong in faith, beautiful by a nearness to her Saviour, and was a truly good and gracious spirit. Largely forgetful to herself, she was always ready to help others and to brighten the lives of the sorrowing. Her home was noted for its kindly welcome and generous hospitality. Her life generally was an ointment poured forth. She will be greatly missed by an unusually large circle of friends.

Besides her grief-stricken husband, who will have the sympathy of his many friends, she leaves one sister, Mrs. Agnes Anderson, of Philadelphia and an adopted son, Herbert Senser of Clearfield.

Funeral services will be held at her late home at 8 o'clock Wednesday evening by her pastor, Rev. R. C. Peters of the Eleventh Street M. E. church. The body will be taken to Philadelphia on the 8:20 Pennsylvania train, Thursday morning and conveyed to the Methodist church where it can be viewed until 2 p. m. the hour of service, which will be in charge of Rev. C. W. Wasson.

Interment will be made in the Philadelphia cemetery.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

BOSTON BROWN BREAD RECIPE

Those who have an abundance of rye flour will find it useful in Boston brown bread. The following recipe for this purpose is suggested by Mrs. Pearl MacDonnell, in charge of home economics extension at the Pennsylvania State College school of agriculture and experiment station:

BOSTON BROWN BREAD
1 cup rye flour,
1 cup granulated corn meal
1 cup rye flour
1 1/2 teaspoons salt (level)
1 teaspoon soft
3/4 cup molasses
2 cups sour milk

Mix and sift dry ingredients. Add molasses and milk, turn into well buttered molds, cover lightly with buttered lids. Set molds on a rack in a deep kettle. Surround with hot water or to half their depth. Cook 1 1/2 hours.

Molds should never be filled more than two-thirds full. Molasses powder, cans are attractive for this purpose, though a 5-lb. loaf paid will do.

Raisins and currants make a pleasing addition.

A man giving his residence at Mt. DIRE CALAMITY THREATENS BOSTON

Boston, Mass., Nov. 28.—The thousands of Bostonians who have adopted the custom of dining at one or another of the downtown hotels may have to forego that pleasure this year. A strike of the various crafts connected with hotel work on Thanksgiving day seems probable, unless the demands made by the Hotel and Restaurant Employees' Union for a \$10 weekly wage are granted. The hotel and restaurant proprietors meet tonight to consider the situation. The union has fixed Thanksgiving morning as the time for final action on the question of a strike.

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like it For Corns and Calluses

"Whenever you get corns and calluses, don't experiment—just use 'GETS-IT' and nothing else. The simplest and most perfect thing I know to use—just a few drops on in a few seconds—'GETS-IT' does the rest."

The old way is to bundle up your toes in harnesses and bandages, use salves that make toes raw, cotton rags that make your corns poppy, and "diggers" that tear your heel out and leave your corn in. No wonder they make you limp and wince. Forget all these—use "GETS-IT" the simplest corn remedy in the world. Easiest to use, never fails or causes painless. Your corn loosens, then you lift it off. You can wear your shoes.

"GETS-IT" is sold and recommended by druggists everywhere. In a bottle, or sent on receipt of price to E. Lawrence Co., Chicago, Ill.

Sold in Clearfield and vicinity as the world's best corn cure by Irwin Price Co. and C. W. Douglas.

"EXCUSE ME"

Special feature at the Globe Theater Tomorrow

Harry Malloy, U. S. A., receives orders to join his regiment which is to embark for the Philippines. The Overland Limited is the only train that will enable him to reach the coast in time to escape a court-martial. Having a little time to spare he purchases Majorie to elope with him and reserves two berths. They reach the train in time but haven't time to get married. "Little" Jimmy Wellington, who stands six feet two and weighs 350 in his stocking feet, gazes too much so his wife takes the Overland for Reno, telling him that she goes to Paris for the year. He gets suit and takes the same train for the same place, and for the same purpose. The Reverend Doctor Temple, ruler of the monastery of Ypsilanti, elopes and takes the Overland through to the coast. There's another girl aboard a former sweetheart of Malloy's. With this cargo, in charge of a worthy porter they start. The happenings enroute are so comically funny. Majorie, not married to Malloy, has her reputation at stake. Dr. Temple knows this but won't let anyone know that he's a preacher of the gospel. Wellington and his wife fail to meet because he's too busy pestering the men folks and she putting on garb. Then the other girl pesters Majorie and Malloy with a bouquet she received from Malloy. And everyone does something that had been better left undone and the porter must bear the brunt of it all.

WATCH YOUR STEP

"Watch Your Step" a syncopated musical production which registered success of a sensational nature in both London and New York, will be offered for the first time in this city at the Opera House on Monday, December 4th.

The piece will be presented by a numerous cast of footlight notables in fact every name associated with "Watch Your Step" has been illustrated by memorably successful movements in some particular avenue of the entertainment field. Harry B. Smith wrote the book; Helen Dryden designed the costumes for the piece; and Irving Berlin, who is responsible for the music and lyrics, is again in question the most popular of modern song writers.

"Watch Your Step" has all the allurement of the stage that has kept it a favorite of the non-dance high steps, on ballrooms and restaurants for the past two or three years, and now the stage has regulated itself to give it a new, this syncopated musical show is not a bit related to the old one.

The Gift Store Ready for the Early Christmas Buyers.

For the past several days we've had any number of customers asking us when we will make our Christmas displays. Yet, on the other hand, a number of them are making purchases now of practical gifts. These customers have learned from past experiences the advantages of buying Christmas gifts early, putting them aside, wrapped and ready. They realize, too, it is so much easier to secure just what they want to give now than if they wait later, aside from the advantages of avoiding the Christmas crowds during the month of December. Special displays are now being made of just the things the early Christmas buyer is interested in. Our salespeople will gladly assist you in making suggestions.

Fine Turkish Towels and Mats

We are showing a splendid selection of fine Turkish towels that will make practical Christmas gifts. They come in separate towels or in sets.

Turkish bath towels in plain white, barred, striped and dainty colored borders, the colors are pink, blue, lavender and yellow. Prices range from 15c to 50c each

Beautiful Turkish Bath Sets in Xmas Boxes Already to Give

The sets consist of bath towels, face towels and wash cloths to match in pink, blue, lavender and yellow. Prices range from \$1.00 to \$3.50 a set

Turkish wash cloths in plain white, also colored edges, at 5c and 10c each

Dainty Turkish bath mats from 50c to \$1.25

The First Suggestion of Christmas Comes from the Ribbon Department

Already women are becoming interested in fancy work for Christmas gifts. And there are so many beautiful effects in the new ribbons that the making of a pretty gift that is rich in appearance may be arranged at a small cost. As a suggestion: these ribbons are ideal for making sewing bags, for clothes hangers, book covers and a dozen other items. There are Dresden effects, Roman stripes, metallic ribbons, brocaded effects and plenty of plain colors. Prices range from a narrow baby ribbon at 10c a bolt or 5 yards to the rich satin ribbons at 85c yd. 20c yd.

Special lot of wide fancy ribbons at 20c yd.

Let Your Thanksgiving Linens Come from This Store

Plenty of good reasons why. First, because stocks are plentiful and choice is made quickly and satisfactorily. And then again, the prices provide values such as no house-keeper can afford to overlook.

The Art Department will be a spot of Unusual Interest between now and Christmas

And rightly so, because there are so many attractive items on display that one can work out in their own way and in a special design or buy already embroidered. Few things are as acceptable as a pretty piece of art embroidery to any woman. You will find a visit to our art embroidery section not only interesting but worth your while.

Flannels for Making Bath Robes and Kimonos, 25c and 35c yd.

The patterns are so attractive and the colors so desirable that it will only be a question of whether you should buy material enough for one, two or half a dozen robes and kimonos. Why not surprise someone in your own immediate family by buying material now and making up a bath robe or a kimono for a Christmas gift—not a bit too early to start?

Interesting News For The 6000 Hunters of Clearfield County

Sixteen Camps Respond to Our Invitation to Print Roster of Their Members and Camp News

HUNTERS PAGE "DOPE" STARTS HERE

Deer Hunting Season Opens

The deer hunting season opens on Friday, December 1st, and on that date the open season for all other game but bear, and raccoon is closed, and now, Mr. Hunter, don't forget this fact—pheasant and rabbit cannot be killed legally during the deer season this year.

Never were the deer reported more plentiful in Clearfield county. From every section of the county comes the story of deer being seen almost daily and weather permitting we look for a record bag this season.

That the hunters appreciate the situation and will be out in force is demonstrated by the roster of the different camps published in this column today. Every camp has its full quota of guests and there will be more men in the woods this year than ever before.

On account of the fact every hunter should use more than ordinary care in his shooting. Take no chances and be sure you see "the horns" before you shoot and when you do shoot have some regard for where your fellow hunter is located.

5647 Hunter's License

According to the records in County Treasurer Kline's office at noon today there had been issued 5637 licenses thus far in 1916. Last year the grand total reached 5718 at the close of the season.

Dogs Running Deer

From all sections of the county come reports of dogs running deer, but you never hear of a game warden running the dogs or killing them. The law provides for the killing of such dogs whether caught in the act or not and the same law also prescribes a severe penalty for the owner, yet we never hear of any conviction for this offense.

Sunday a week ago two dogs ran a deer into the river near Wright's between here and Curwensville and yesterday two dogs were running on the mountains near the game reserve at the head of Lick Run. Persons in that vicinity heard the dogs all day long, but there were no game wardens or persons in authority to go after them and of course it is only reasonable to suppose the deer was finally run down and killed.

A little of that \$300,000 hunter's license fund money could be spent to decided advantage in hiring a man or two to devote their time exclusively to rounding up these dogs.

Landed a Wild Turkey

Frank Ball, of Hillsdale, slipped over to Centre county Sunday last and came home Monday evening with a fine fifteen pound wild turkey, which will furnish the foundation for a Thanksgiving dinner in the Ball home.

Popular Clearfield Couple Wed At Early Hour This Morning

Harry E. Mann Marries Miss Odessa Sliger, Formerly of Olean, New York

Harry E. Mann, of 317 Ogden avenue, and Miss Odessa R. Sliger of 113 N. Third street, both formerly of Olean, N. Y., were united in marriage this morning at half past seven o'clock in the Lutheran church. The ceremony was performed by the Rev. R. Allenbach, the pastor. The ceremony was witnessed by the immediate families and a few invited friends of the contracting parties.

The bride and groom were unattended, but were met at the altar by the officiating clergyman. The simple, plain and yet impressive ceremony of the church was used. The bride was attired in her traveling suit and made a most charming appearance.

WHERE THEY WILL GO

Below we publish a list of the different camps with their membership, as near as we could get them.

Grassflat Sports Will Be There

The Woodrow Gun Club, composed of the following Grassflat hunters, will move out to their camp at the Beaver Meadows, near Black Moshannon creek on Thanksgiving day. The boys say they are going to bring home a couple of big ones this year. The members of the club are:

Fred Bass, Jr., Oscar Soder, Gust Linder, Richard Ward, O. F. Adamcz, Harry Neuber, C. Chapman and Frank Hugar.

Union Outing and Hunting Club

The Union Outing and Hunting club, composed of DuBois citizens, recently completed an exceptionally fine stone camp in Union township, between Little Montgomery and Stony creek. The following gentlemen will participate in the hunt:

H. H. Spencer, James Pifer, Charles Pifer, E. W. Kelly, Fred Shaffer, Fred Timlin, Merrill Plyler, Fred Chitester, Oliver Korb, James Hall, Mr. Garvin, Mr. Brown, L. E. Weber, Jake Slaghenaupt, Bert Skinner, A. L. Steffy, A. N. Work, Dr. Johnston, Leon Lytle.

The Johnstown Camp

The Johnstown camp will be located at the Munn Place on the headwaters of Mosquito creek. This camp is composed of the following well known Clearfield and Johnstown people. They are going for deer, but as Mr. Oxley was rated as the champion bear hunter of McKean county before coming to Clearfield, they expect to land a bear or two. The roster follows:

A. W. Leonardson, J. W. Oxley, L. C. Norris, of Clearfield; John Bates, Willard Roach, Frank Cook, of Johnstown.

AN INTERESTING PHOTO

Truman Norris is in receipt of a very interesting photo of Camp Stewart, Texas, where the N. G. P. is in camp. The photo covers the entire camp which is almost three miles long and in the background can be seen the mountains in Mexico, with their snow crested tops, fifteen miles distant. It is a picturesque scene and the photo which is nearly five feet in length will be framed and put on exhibition soon. The letter is from George Dale, one of the Clearfield boys who is on the border.

Class No. 10 of the Lutheran church will hold a Thanksgiving sale Wednesday afternoon November 29, from 2:00 to 6:00 at Rosser Furniture Co's store. Home made bread, cakes, cookies and candies.

ITALIANS RESENT REFERENCES TO SPAGHETTI

**Hand Us Letter For Publication
Objecting to Reference to
Sunny Italy**

EXPLANATIONS ARE MADE

When the Italians and the Negroes of the Fourth ward indulged in warlike performances last Saturday evening The Progress had the story written up in full according to its usual reputation for covering the news from every angle. Little did we dream that we were getting wrapped up in an international or racial quarrel with the Italians or the Negroes. We made the fatal mistake of allowing a certain low-down Irishman, well known around the Progress office and Borough Council and Hunting Camps to cover the story. He covered it but his cover developed into a mustard plaster. Whatever dreams this Democratic gentleman might have had about getting into the diplomatic service under President Wilson are all shattered now. His diplomacy, like Bryan's simply stirs things up.

We are in receipt of the following letter from the Italian residents of Clearfield.

Editor of Clearfield Progress:

Dear Sir: I notice in the Daily Progress of Monday your account of the mixup in East End between the Italians and Negroes, in which you refer to the Italians as representatives of the land of garlic and spaghetti.

The Italian residents of the town of Clearfield feel that you are rubbing it in by trying to associate them with the smell of garlic and spaghetti, as they are not hyphenated Americans but 100 per cent, and the garlic and the spaghetti they abandoned after they had one big Saturday night along the Great White Way of Clearfield, and they are now helping with the Chamber of Commerce to make Clearfield the promised land fulfilled and they have no crows to pick with their dusky neighbors, as while they are not too proud to fight, they believe watchful waiting in preference to warfare with their harder headed neighbors. In fairness to the Italian residents of Clearfield a great many who are taxpayers and property owners you should come forth with an apology.

Respectfully yours,

PROF. S. IMPALLOMENI
TONY MARTIN
THOMAS J. SPINGOLA
JOSEPH YANARO

Laying all jokes aside, we are inclined to believe that we were just a little rude in our comments concerning our Italian and Colored friends. We desire to sincerely assure them however that it was all written in a spirit of fun without realizing the consequences of such references. We can readily understand how embarrassing it is for the Italians to be saluted on the street by such names as "garlic and spaghetti." Mr. Spingola informs us that this occurred last evening. Now, we sincerely trust that our readers will be more thoughtful and respectful than we have been and that such references as we unwittingly made will be speedily forgotten. We may add that we are proud of the assertion that the Italians of Clearfield after one visit to the Great White Way of Clearfield became 100 per cent Americans.

Temperance Rally Here On December 5th

All Temperance Clubs in County are To Send Representative

Dr. H. W. Buckingham, President of the Clearfield County Temperance League, has issued a call for an all day temperance rally in the Clearfield Y. M. C. A. on Tuesday December 5th. To this gathering all religious and temperance organizations in the county are invited to send representatives. A special letter has been addressed to the pastors, Sunday School superintendents, W. C. T. U. presidents and other temperance bodies over the county, urging them to be present and to see that delegates from their community attend. It was this temperance organization that put up such a determined fight in the last license court and plans are being made to make a more determined fight this year. The meeting next Tuesday is open to the general public and will doubtless be well attended.

Calendar Instructs in Safeguarding Lives

Over 5000 Children a Year Throw Lives Away on Railroads

As part of a campaign to teach children the dangers of taking "short cuts" over railroads, playing on the tracks or using railroad rights of way, bridges and trestles as high ways, the Pennsylvania Railroad system has issued an illustrated calendar especially designed to appeal to young folks. The calendar is intended particularly for use in school rooms and will be supplied for that purpose throughout the cities, towns and country districts served by the Pennsylvania lines, both east and west of Pittsburgh.

A picture at the top of the calendar shows a typical crowd of children, just out of school, hurrying across the tracks near the school yard. They are taking the "dangerous short cut," despite the warning signs. They could walk to a nearby bridge which would mean safety, but that would require a few more steps. One boy is seen stumbling on the track in front of an approaching train. Another is indulging in the dangerous sport of "balancing on the rails." Beneath the picture is this legend:

"Every year more than 5000 American boys, girls and grown folks who take such risks as these throw their lives away. DON'T YOU BE ONE OF THEM."

JAMES MAHAFFEY BADLY BRUISED IN AUTO SPILL

**Attempts to Make It Back Home
Without Lights and Runs
Into Culvert and Upseis**

THE LIGHTS WERE DEFECTIVE

Ex-Sheriff James Mahaffey was painfully injured in an automobile accident which occurred on the Woodland road last evening about 7 o'clock. Mr. Mahaffey and his son Dick went down to Shawville in the Sheriff's car yesterday for the purpose of buying some Thanksgiving turkeys. On their way home their prestidigit got balky and refused to work and they were forced to thread their way over the back woods through the dark until Woodland was reached where they borrowed a lantern and hung in front of the radiator on their car and continued their journey toward home.

They got along safely until Barrett station was reached. The car was bowling along at about a 20-mile an hour gait when the right front wheel struck the culvert just this side of Barrett watering trough. The force of the blow caused an explosion of the tire and the car swerved and dashing up the bank turned over on its side. Mr. Mahaffey was thrown into the wind shield and out through the top of the car. He received a bad cut over the left temple and was otherwise bruised about the head, while the skin and flesh were scraped from both legs. He was loaded into a passing machine and brought to his home at the Windsor, where Dr. Rowles was called and administered to his hurts.

The car was pretty badly used up but was brought into the garage under its own power by Messrs Orcutt and Mudgett.

Oh yes! by the way, it "never touched" Dick.

HAVE YOU DONE YOUR BIT?

This is Hospital Donation Day. It is unfortunate indeed that the day has been so gloomy and that the rain may possibly interfere with the transferring of donations to the different ladies who are in charge of the receiving quarters. Kindly permit us to suggest that there will be time to do it tonight or even tomorrow. In almost every household there are several unused articles of no use whatever to the owner which could quickly be turned over to the hospital authorities who would quickly make use of them or convert them into cash.

SACRILEGIOUS.

One of the oldest and most sacred institutions of this nation is the day of Thanksgiving. The first Thanksgiving day was a very sacred occasion and probably was the only real true, conscientious Thanksgiving Day ever observed in the country. Ever since that time Thanksgiving day has been developing into a day of sports and pleasure. We have no objection to this feature of Thanksgiving. We believe that there is nothing harmful in these things. We do think however that there is something of the true spirit of Thanksgiving in the hearts of our people today. Our thoughts and interests are given over entirely to hunting, football and the festivities of the occasion. We can enjoy these things just as well and still by our words, our actions and our mode of living show that we are truly thankful for our great blessings. America is called a Christian nation. Is she? It reminds us a little of the missionary in darkest Africa who wandered away from his abode and hearing voices in the jungle near him, had grave fears that he was about to be the principal ingredient of a choice cannibalistic stew. Standing in awe and fearing to make a move for fear his presence would be detected, he was overjoyed at hearing a coarse, gruff voice exclaim "Why the hell didn't you play that ace." Dropping on his knees, he fervently thanked his Maker that he was among Christian Americans. Pardon the language for it illustrates the point.

"A FULL HOUSE"

Never in the history of farce productions in New York City has any laughter play won such unstinted praise from the newspaper critics as the new H. H. Frazee farce, "A Full House," which has just closed a six months' run on Broadway and will be the attraction at the Opera House tonight.

For instance, the New York Tribune, so conservative in its criticism of the drama, broke all bounds in heaping praise on "A Full House." This is how it started off a two column review of the farce: "A Full House" is frankly dedicated to the High Imp of Laughter, and it amply fulfills its dedication. Laughter is its end and its beginning, its middle and its outside, and the further it proceeded the louder the audience laughed. After all, if we are going to laugh from the chest out, there is no such laughter as comes from it.

good farce. Irony, satire and criticism of life can go hang.

"This is the time for light music and farce. With war clouds gathering, we can think clearer for the cerebral purgative of laughter."

"The lines are bright and witty and the action once started moves with a Vanderbilt Cup speed. The actors know just the vein in which this piece should be played, each one outbidding the other in winning the laughter of the audience. The spring fever will drive audiences to 'A Full House' and 'A Full House' will satisfy and amuse them. If it doesn't, the war has brought a woeful change to Broadway."

In this vein, "A Full House" was commented upon by every newspaper in New York, and the theatre goers of the city may safely expect the laughing treat of many years in this Frazee farce hit. The cast comprises many names well and favorably known to Broadway.

Some good seats still unsold.

Mrs. Charlotte Senser Died Yesterday

Long a Member of M. E. Church—Formerly of Clearfield

It is with a feeling of sadness and very deep regret, shared by the community generally that we chronicle the death of Mrs. Charlotte Senser, the beloved wife of William T. Senser, formerly of this city, which occurred at 3:30 Monday morning, Nov. 27, 1916, at her home in Clearfield. Her death was the result of complications, following a nervous breakdown, which began about three years ago. During the interval she has been an invalid most of the time, and for nearly a year past has been practically helpless, and lately suffered very much, bearing her suffering, however, with remarkable Christian fortitude. She has had the very best attention, and for months past her husband has been almost constantly at her bedside.

The deceased, who was formerly Charlotte Henderson, was born in Huntingdon county on September 22, 1846, making her age 70 years, 2 months and 5 days. Her marriage to William Senser took place in Philadelphia on October 14, 1869, and during nine years spent in Windber and the past year in Clearfield, all her married life was spent in and near Philadelphia.

Mrs. Senser was a devoted member of the Methodist church. She along with her husband, was converted during a gracious revival held in old Trinity M. E. church, this city, in November 1869, and conducted by the late Rev. Reuben Wilson, when over 200 made a Christian profession. She led an exemplary Christian life, strong in faith, beautiful by a nearness to her Saviour, and was a truly good and gracious spirit. Largely forgetful to herself, she was always ready to help others and to brighten the lives of the sorrowing. Her home was noted for its kindly welcome and generous hospitality. Her life generally was an ointment poured forth. She will be greatly missed by an unusually large circle of friends.

Besides her grief-stricken husband, who will have the sympathy of his many friends, she leaves one sister, Mrs. Agnes Anderson, of Philadelphia and an adopted son, Herbert Senser of Clearfield.

Funeral services will be held at her late home at 8 o'clock Wednesday evening by her pastor, Rev. R. C. Peters of the Eleventh Street M. E. church. The body will be taken to Philadelphia on the 8:20 Pennsylvania train, Thursday morning and conveyed to the Methodist church where it can be viewed until 2 p. m. the hour of service, which will be in charge of Rev. C. W. Wasson.

Interment will be made in the Philadelphia cemetery.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

BOSTON BROWN BREAD RECIPE

Those who have an abundance of rye flour will find it useful in Boston brown bread. The following recipe for this purpose is suggested by Mrs. Pearl MacDonell, in charge of home economics extension at the Pennsylvania State College school of agriculture and experiment station:

BOSTON BROWN BREAD
1 cup rye flour,
1 cup granulated corn meal
1 cup rye flour
1 1/2 teaspoons salt (level)
1 teaspoon soft
3/4 cup molasses
2 cups sour milk

Mix and sift dry ingredients. Add molasses and milk, turn into well buttered molds, cover lightly with buttered lids. Set molds on a rack in a deep kettle. Surround with hot water or to half their depth. Cook 1 1/2 hours.

Molds should never be filled more than two-thirds full. Molasses powder, cans are attractive for this purpose, though a 5-lb. loaf paid will do.

Raisins and currants make a pleasing addition.

He claimed that he was on his way to Jefferson county when he fell afoul of the law's long arm. DIRE CALAMITY THREATENS BOSTON

Boston, Mass., Nov. 28.—The thousands of Bostonians who have adopted the custom of dining at one or another of the downtown hotels may have to forego that pleasure this year. A strike of the various crafts connected with hotel work on Thanksgiving day seems probable, unless the demands made by the Hotel and Restaurant Employees' Union for a \$10 weekly wage are granted. The hotel and restaurant proprietors meet tonight to consider the situation. The union has fixed Thanksgiving morning as the time for final action on the question of a strike.

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like it For Corns and Calluses

"Whenever you get corns and calluses, don't experiment—just use 'GETS-IT' and nothing else. The simplest and most effective thing I know to use—just a few drops on in a few seconds—'GETS-IT' does the rest." The old way is to bundle up your toes in harnesses and bandages, use salves that make toes raw, cotton rags that make your corns pop, and knives and "diggers" that tear your heel out and leave your corn in. No wonder they make you limp and wince. Forget all these—use "GETS-IT" the simplest corn remedy in the world. Easiest to use, never fails or stings, painless. Your corn loosens, then you lift it off. You can wear your shoes.

"GETS-IT" is sold and recommended by druggists everywhere. In a bottle, or sent on receipt of price to E. Lawrence Co., Chicago, Ill. Sold in Clearfield and vicinity by Lewis Drug Co. and C. W. Douglas.

"EXCUSE ME"

Special feature at the Globe Theater Tomorrow

Harry Malloy, U. S. A., receives orders to join his regiment which is to embark for the Philippines. The Overland Limited is the only train that will enable him to reach the coast in time to escape a court-martial. Having a little time to spare he purchases Majorie to elope with him and reserves two berths. They reach the train in time but haven't time to get married. "Little" Jimmy Wellington, who stands six feet two and weighs 350 in his stocking feet, gazes too much so his wife takes the Overland for Reno, telling him that she goes to Paris for the year. He gets suit and takes the same train for the same place, and for the same purpose. The Reverend Doctor Temple, ruler of the monastery of Ypsilanti, elopes and takes the Overland through to the coast. There's another girl aboard, a former sweetheart of Malloy's. With this cargo, in charge of a worthy porter they start. The happenings enroute are so amusingly funny. Majorie, not married to Malloy, has her reputation at stake. Dr. Temple knows this but won't let anyone know that he's a preacher of the gospel. Wellington and his wife fail to meet because he's too busy pestering the men folks and she pining for gain. Then the other girl pesters Majorie and Malloy with a bouquet she received from Malloy. And so everyone does something that had been better left undone and the porter must bear the brunt of it all.

hold-up relieves the girl of the bracelet, and the arrival of a Mormon minister, when they get into Utah, frightens Temple into practicing his profession on the young couple. Then a cinder in Wellington's eye causes him to meet his wife, who relieves him of it, and they patch up their differences. With everything working smoothly we leave them to continue their journey.

WATCH YOUR STEP

"Watch Your Step" a syncopated musical production which registered success of a sensational nature in both London and New York, will be offered for the first time in this city at the Opera House on Monday, December 4th.

The piece will be presented by a numerous cast of footlight notables, in fact every name associated with "Watch Your Step" has been illustrated by memorably successful movements in some particular avenue of the entertainment field. Harry B. Smith wrote the book; Helen Dryden designed the costumes for the piece; and Irving Berlin, who is responsible for the music and lyrics, is again in question the most popular of modern song writers.

"Watch Your Step" has all the allurement of the stage that has kept it a favorite of the non-dance high steps, the cabarets and restaurants for the past two or three years, and now the stage has regulated itself to present a syncopated musical show as not a bit related to the stage of the past.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant, antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

This Store Will be Open Until Nine O'clock Wednesday Evening and Closed All Day Thursday, Thanksgiving Day

The Gift Store Ready for the Early Christmas Buyers.

For the past several days we've had any number of customers asking us when we will make our Christmas displays. Yet, on the other hand, a number of them are making purchases now of practical gifts. These customers have learned from past experiences the advantages of buying Christmas gifts early, putting them aside, wrapped and ready. They realize, too, it is so much easier to secure just what they want to give now than if they wait later, aside from the advantages of avoiding the Christmas crowds during the month of December. Special displays are now being made of just the things the early Christmas buyer is interested in. Our salespeople will gladly assist you in making suggestions.

Do Your Christmas Shopping Early

SHOP EARLY

Plain Commonsense Reasons Why You Should do Your Christmas Shopping Early

You will, unquestionably, make a number of Christmas gifts. Possibly during the past years you have waited until the last minute—then hurried and bought whatever you could find. Don't you think it would be a better policy to sit down some evening, either alone or with your wife, husband or friend and determine then and there what you are going to give for Christmas?

And after doing this, purchase leisurely but early, so that the bugbear of gift buying will not give you any concern. If you ever begin buying Christmas gifts early you will wonder why you did not do it several years ago. The best advice we can give you is "Shop Early."

Fine Turkish Towels and Mats

We are showing a splendid selection of fine turkish towels that will make practical Christmas gifts. They come in separate towels or in sets.

Turkish bath towels in plain white, barred, striped and dainty colored borders, the colors are pink, blue, lavender and yellow. Prices range from 15c to 80c each

Beautiful Turkish Bath Sets in Xmas Boxes Already to Give

The sets consist of bath towels, face towels and wash cloths to match in pink, blue, lavender and yellow. Prices range from \$1.00 to \$3.50 a set

Turkish wash cloths in plain white, also colored edges, at 5c and 10c each

Dainty turkish bath mats from 50c to \$1.25

The First Suggestion of Christmas Comes from the Ribbon Department

Already women are becoming interested in fancy work for Christmas gifts. And there are so many beautiful effects in the new ribbons that the making of a pretty gift that is rich in appearance may be arranged at a small cost. As a suggestion: these ribbons are ideal for making sewing bags, for clothes hangers, book covers and a dozen other items. There are Dresden effects, Roman stripes, metallic ribbons, brocaded effects and plenty of plain colors. Prices range from a narrow baby ribbon at 10c a bolt or 5 yards to the rich satin ribbons at 85c yd. 20c yd.

Special lot of wide fancy ribbons at 20c yd.

Let Your Thanksgiving Linens Come from This Store

Plenty of good reasons why. First, because stocks are plentiful and choice is made quickly and satisfactorily. And then again, the prices provide values such as no house-keeper can afford to overlook.

The Art Department will be a spot of Unusual Interest between now and Christmas

And rightly so, because there are so many attractive items on display that one can work out in their own way and in a special design or buy already embroidered. Few things are as acceptable as a pretty piece of art embroidery to any woman. You will find a visit to our art embroidery section not only interesting but worth your while.

Flannels for Making Bath Robes and Kimonos, 25c and 35c yd.

The patterns are so attractive and the colors so desirable that it will only be a question of whether you should buy material enough for one, two or half a dozen robes and kimonos. Why not surprise someone in your own immediate family by buying material now and making up a bath robe or a kimono for a Christmas gift—not a bit too early to start?
